

# KEEP TEXAS AFFORDABLE

MORE SAVINGS. MORE OPPORTUNITY.  
— MORE FREEDOM. —

Affordability is on the mind of every Texan. Governor Abbott has taken historic action to keep Texas the most affordable large state in the entire country. However, more work remains to keep Texas the best state to live, work, and raise a family. Governor Abbott's plan to **Keep Texas Affordable** will save Texans thousands each year.

## LOWER HOUSING COSTS

### EXPAND HOUSING OPTIONS ON EXISTING PROPERTY: GIVING TEXANS ROOM TO GROW

Property additions allow homeowners to make better use of their land by allowing them to build additional structures on their own property to meet household needs. However, municipalities often hinder or outright prohibit their construction through excessive restrictions. Governor Abbott's plan will remove these barriers by allowing property additions to be built by right, helping homeowners add value to their property and expand housing options across Texas.

### PROTECT PRO-HOUSING REFORMS FOR TEXANS: STOP MANDATES, EXPAND SUPPLY

Governor Abbott's 2025 housing reforms are expanding housing supply for Texans. However, some localities are undermining these reforms by requiring luxury amenities, design specifications, and other unnecessary mandates that prevent construction and raise housing costs. Governor Abbott will lower costs for Texans by prohibiting rogue jurisdictions from setting such requirements and withhold local sales tax from municipalities that continue to undermine the law.
